This report is not complete unless all pages, as noted below, are included. Please read the information in the 'Important Disclosures' found at the beginning of this report.

**Investments are not FDIC - insured, nor are they deposits of or guaranteed by a bank or any other entity, so they may lose value.**

## Important Disclosures

**Figures shown are past results and are not predictive of results in future periods. Current and future results may be lower or higher than those shown. Share prices and returns will vary, so investors may lose money. Investing for short periods makes losses more likely. For more current information and month-end results, visit [americanfunds.com](http://americanfunds.com).**

Regular investing does not ensure a profit or protect against loss. Investors should consider their willingness to keep investing when share prices are declining. Market indexes are unmanaged and, therefore, have no expenses. Investors cannot invest directly in an index. Results for the Lipper indexes do not reflect sales charges. There have been periods when the fund has lagged the index.

This illustration must be preceded or accompanied by the fund's current summary prospectus or prospectus, which details charges, expenses, investment objectives and operating policies. The American Funds are distributed by American Funds Distributors, Inc.

Investment results assume all distributions are reinvested and reflect applicable fees and expenses. Expense ratios are as of each fund's prospectus available at the time of publication. The expense ratios for American Funds Corporate Bond Fund and Class F-3 shares are estimated. When applicable, investment results reflect fee waivers and/or expense reimbursements, without which results would have been lower. Please see [americanfunds.com](http://americanfunds.com) for more information. The investment advisor is currently reimbursing a portion of other expenses for all share classes of American Funds Corporate Bond Fund, American Funds Tax-Exempt Fund of New York and American Funds Tax-Exempt Preservation Portfolio; Class F-3 shares of American Funds 2010 to 2055 Target Date Retirement Series funds; Class R-2E shares of American Mutual Fund, Capital Income Builder, American Funds Global Balanced Fund, American Funds Inflation Linked Bond Fund, American Funds Mortgage Fund and Short-Term Bond Fund of America; Class R-5E shares of AMCAP Fund, The New Economy Fund, New Perspective Fund, New World Fund, SMALLCAP World Fund, American Mutual Fund, Capital World Growth and Income Fund, Capital Income Builder, American Funds Global Balanced Fund, and all funds in the American Funds Portfolio Series; and a portion of fees and expenses for American Funds U.S. Government Money Market Fund (MMF). Investment results and net expense ratios reflect the reimbursements, without which the results would have been lower and the expense ratios would have been higher. These reimbursements will be in effect through at least April 7, 2018 (May 1, 2018 for AMCAP), unless modified or terminated by the fund's board. The advisor may elect at its discretion to extend, modify or terminate the reimbursement at that time. For MMF, please see the Financial Highlights table in the fund's most recent prospectus for details. The expense ratios for the College Target Date Series, Target Date Retirement Series and Portfolio Fund Series include the weighted average expenses of the underlying funds. Please see the fund's most recent prospectus for details.
