This report is not complete unless all pages, as noted below, are included. Please read the information in the 'Important Disclosures' found at the beginning of this report.

Investments are not FDIC - insured, nor are they deposits of or guaranteed by a bank or any other entity, so they may lose value.

Important Disclosures

Figures shown are past results and are not predictive of results in future periods. Current and future results may be lower or higher than those shown. Share prices and returns will vary, so investors may lose money. Investing for short periods makes losses more likely. For more current information and month-end results, visit americanfunds.com.

Regular investing does not ensure a profit or protect against loss. Investors should carefully consider investment objectives, risks, charges and expenses. This and other important information is contained in the fund prospectuses, summary prospectuses, CollegeAmerica Program Description and ABLEAmerica Program Description, which should be obtained from a financial professional and should be read carefully before investing. Market indexes are unmanaged and, therefore, have no expenses. Investors cannot invest directly in an index. Results for the Lipper indexes do not reflect sales charges. There have been periods when the fund has lagged the index.

This illustration must be preceded or accompanied by the fund's current summary prospectus or prospectus, which details charges, expenses, investment objectives and operating policies. The American Funds are distributed by American Funds Distributors, Inc.

Investment results assume all distributions are reinvested and reflect applicable fees and expenses. Expense ratios are as of each fund's prospectus available at the time of publication. For the funds and/or share classes listed below, the investment adviser is currently reimbursing a portion of the funds' fees or expenses, without which the results would have been lower and net expense ratios higher.

- American Funds Corporate Bond Fund: all share classes (through at least August 1, 2019)
- American Funds Tax-Exempt Fund of New York: all share classes (through at least October 1, 2019)
- American Funds Mortgage Fund: Class R-2E and R-5E shares (through at least November 1, 2019)
- Short-Term Bond Fund of America: Class R-2E shares (through at least November 1, 2019)

- American Funds Tax-Exempt Preservation Portfolio: all share classes (through at least January 1, 2020)
- American Funds Developing World Growth and Income Fund: Class R-2E shares (through at least February 1, 2020)

The investment adviser may elect at its discretion to extend, modify or terminate the reimbursements at that time. Please see each fund's most recent prospectus for details.

For the funds listed below, the fund's transfer agent is currently waiving a portion of the funds' other expenses, without which the results would have been lower and net expense ratios higher.

- American Funds Developing World Growth and Income Fund and American Funds Inflation Linked Bond Fund: Class F-3 shares (through at least February 1, 2020)

The transfer agent may elect at its discretion to extend, modify or terminate the waiver at that time. Please see each fund's most recent prospectus for details.

Virginia529SM, as program administrator of ABLEAmerica, is currently waiving the fee owed to it as compensation for its oversight and administration of ABLEAmerica. This waiver will be in effect for Class ABLE-A shares through at least December 1, 2019 for American Funds U.S. Government Money Market Fund and January 1, 2020 for the Portfolio Fund Series. Subject to the terms of its contractual arrangement with the investment adviser, Virginia529SM may elect to extend, modify or terminate the waiver at that time.
