

Becoming an investor is something that we can definitely help you with. You will learn the most important and popular investment alternatives. You will learn the types of rewards we can expect from each and the levels of risks that we will have to accept to receive these rewards. We will also cover some important techniques and skills to help us live with these risks. We will learn that building wealth through investments is a long-term process; it does not happen overnight. We can help you become a prudent, long-term investor. However, if you want to become a speculator or a trader and earn tremendous amounts of money quickly, then we are sorry to say that you will be very disappointed in this book. We are not able to help you to become a speculator or trader. Our sincerest apologies.
